UNIVERSITY OF SCIENCE AND TECHNOLOGY BEIJING
RECOMMENDATION LETTER

TO WHOM IT MAY CONCERN

I'm most pleased to write this letter in support of **MOUKO GERRY DAVERTY** **STEMOASOUL** application for enrolment at your reputable university. I have known him since September 2019 till date as his supervisor.

He has been able to collaboratively work with his colleagues and independently. Additionally, he is one of the respectful and honest international students I have had the privilege of working with. Currently his research direction entails Machine learning and ensuring data privacy.

His ability to work with complex algorithms for his thesis showed that he's a hard worker and determined to excel. I confidently recommend him for the chosen program at your university. Please feel free to contact me for more information.

Yours Sincerely

Dr. Huang Qiming
